Quentin Owens — Re-Audited Live Jobs

Oct 26, 2026 · @Quentin Owens

Bottom line

Of the job links in the Oct 23 master plan, **16 loaded today as live postings you can apply to**. Three more checked out as live and are added below. The rest are closed, expired, unverifiable, or ask for something you don't have. Every link in the **Verified live** table is one whose page I loaded on Oct 26, 2026 and read for an open status.

Three things changed since Oct 23:

1. **Assurant's posted deadline (Oct 24) has passed.** Try its Apply button once; if the form is closed, move on.
2. **AC Disaster Consulting's Damage Assessor page would not load today**, and its job board returned no listings. Treat it as unconfirmed until it loads for you.
3. **New DFW roles found:** Mercury Insurance Field II in Fort Worth ($69,845–$129,284 + 10% CAT pay) and Allstate's CAT Field Property Adjuster for the DFW area ($50,700–$89,062.50).

How each link was checked: I loaded each job page through web search and page fetch, reading it for an Apply button, a closed or expired notice, dates and pay. Your Chrome extension and the Claude app's browser weren't reachable this session, so nothing was clicked through by hand. Job-board copies (Indeed, Glassdoor, The Muse) were used only to find the employer's page, never as proof a job is open.

Not used: dark-web sites and personal-data broker sites. Brokers sell information about people, not job openings, and dark-web job ads are a common scam route. Economy data comes from BLS, the Dallas Fed and Texas Workforce Commission instead.

Your plan to have something in hand by Nov 1

Straight talk: big carriers take about 2–4 weeks from application to offer (Allstate averages roughly 23 days; field property closer to 15). Applying today puts most salaried offers in **mid-November**. What you can realistically hold by **Nov 1** is a guaranteed bridge offer plus roster and network acceptances. Run both tracks at once.

Today (Mon Oct 26) — done when every box is ticked

- ☐ Apply: Mercury Fort Worth CAT Spikes (best pay + local + Xactimate preferred)
- ☐ Apply: The Hartford Associate General Adjuster (remote)
- ☐ Apply: Allstate DFW CAT Field Adjuster and Allstate Travel Property Adjuster
- ☐ Apply: National General Desk and National General CAT Field
- ☐ Apply: Liberty Mutual Fort Worth (ask whether Prosper is in range)
- ☐ Join rosters: Eberl and Crawford CAT
- ☐ Join networks: Land Gorilla (as Q3 Global Consulting) and Built
- ☐ **Guaranteed bridge:** apply for Amazon seasonal at hiring.amazon.com only — Amazon is hiring 300,000+ seasonal workers at a $20/hr average, and offers often come within days. Ignore look-alike "Amazon" sites in search results.

Tue–Wed (Oct 27–28)

- ☐ Call Southeast Elevator to confirm the Dallas role is real before applying
- ☐ Apply to NTE JATC (your TDLR apprentice license is your edge)
- ☐ Message hiring teams on LinkedIn for Mercury, Hartford and Allstate — one line: TX All-Lines, Xactimate, 6 yrs field CAT, available now
- ☐ Optional: Tetra Tech estimator cadre and Davies loss control (on-call, adds volume)

Thu–Sun (Oct 29 – Nov 1)

- ☐ Follow up on every application with no reply
- ☐ Accept the Amazon offer if it arrives — it can be dropped once a W-2 claims offer lands
- ☐ **Done-when checkpoint:** at least 1 written offer + 2 roster or network acceptances by Sun Nov 1

Which road gets you to $1,200/week

Road	Clears $1,200/wk?	Earliest realistic start
Hartford, Mercury, Allstate Travel, NatGen CAT	✅ even at the bottom of the range	Mid-to-late November
NatGen Desk, Allstate DFW CAT	Only at mid-range or above	Mid-to-late November
Eberl / Crawford rosters	✅ when deployed — but only if storms hit	When a CAT event happens (2026 has been quiet)
Land Gorilla / Built inspections	Depends on volume	1–3 weeks after approval
Amazon seasonal	❌ about $800/wk at 40 hrs; more with overtime	Early November

The job market right now (public labor data)

What this means for you: DFW is still adding jobs, but slowly. CAT storm work has been light this year, so steady W-2 salaried roles beat waiting for a deployment. Carriers are short on experienced adjusters, and that is your leverage.

DFW unemployment	4.4% (Aug 2026, preliminary)	BLS
DFW nonfarm jobs	4.35M in Sep; down 5,900 vs Aug, up 1.0% vs a year ago	BLS

Takeaway: your $1,200/week floor sits below the DFW median for your occupation ($1,594/week), so it is a reasonable ask for a W-2 claims role. Quote the median when you negotiate.

Straight talk: what your search plan gets wrong

You asked me to challenge your plan. Bottom line: **you have a conversion problem, not a coverage problem.** Five parts of the request push effort into the slowest, most crowded part of the job market.

Your ask	What the data says	Replace with
"100% verified"	18–22% of Greenhouse job listings are ghost jobs (Fortune). A 2024 Crawford posting is still reachable today with no "closed" notice.	**Live:** opened on the employer's own site within 48 hrs. **Confirmed:** a recruiter says in writing that it's open. Only a confirmed role counts as 100% verified.
"Entry-level"	With 6 licensed years you're mid-level. DFW claims adjusters: 25th percentile $63,820, median $82,890 (BLS data via Wagedex).	Pitch yourself as "experienced, open to lateral entry." Use "entry-level" only as a search filter for roles outside claims.
"Worldwide"	Adjuster licenses are issued by each US state. Fully remote roles are only about 5–6% of postings (Jobgether).	Your 8-state license is a **US remote-desk** asset. Look worldwide only for AI-training contract gigs.
"Every position"	About 258 applicants per job in 2025 (HR Dive). Referrals are 2% of applicants but 11% of hires. Tailored resumes get interviews about 2x as often as generic ones (Huntr).	**10–15 ranked targets**, each with a named recruiter and a day-3 follow-up.
Offer by Nov 1	Benchmarks: about 46 days from first contact to accepted offer, and a 68.5-day median to a first offer.	Make the **Nov 1 goal** one of these: a signed 1099 agreement, an

Your ask	What the data says	Replace with
		accepted assignment, or a scheduled interview.

From our past chats:

- **Unused work:** the Oct 15 session built a 74-lead queue, 5 tailored resumes and reactivation emails for Renfroe, QA Claims and Miller Claims. Nothing shows they were sent. Before building another list: what happened to those 74 leads?
- **Pay floor:** on Oct 15 your W-2 floor was "never below $75,000." $1,200/week is $62,400/yr. Use three floors: **claims W-2 at $75K or more**, **1099 at $1,200/week after expenses**, and **roles outside claims only with paid training and a path past $1,200/week within 12 months.**
- **Too many lanes:** since Oct 2 we've added appraisal, Part 107, energy and elevator trades, cybersecurity and AI reels. Your own Oct 2 and Oct 17 conclusions both said: move up within property claims.

Fix before your next application:

- ☐ Older documents still say "10+ years." Change it to 6.
- ☐ Remove the "Business Administration coursework" line. It reads like a degree.
- ☐ Pick one home base. Your profile says Prosper, the Oct 15 chat said Crowley.
- ☐ Confirm the exact name of your water-mitigation certification.

These are in addition to the live table above. **V** = open on the employer's own site, dated. **V-u** = employer page live but undated, so re-check before applying. **B** = job board or recruiter only. Pay in **bold** clears $62,400/yr.

Remote CAT Desk Adjuster (temp)	TemPositions	V	$24/hr	Work only during CATs. Requires your TX All-Lines license. **Filler work.**

Skip: the Sedgwick TX desk roles R75052 and R75065 are part-time and require the AIC designation, and R69993 requires the AIC at hire. USAA desk roles are on campus, not remote.

Sales

Your adjuster license is **not** an agent license. Insurance sales roles need a TX General Lines P&C agent license: about $130–$140 in fees, no course required, a few weeks to get.

5-step check before you apply

- ☐ **1. Employer's own site:** the same job number appears on the company's own careers page, not a copy on another site.
- ☐ **2. Posting date:** written down in your tracker. Flag it if older than 30 days or undated.
- ☐ **3. Apply works:** clicking Apply opens the first form page, with no "filled" or "no longer accepting" message.
- ☐ **4. Legit:** the recruiter's email domain matches the company. No fees, and no SSN or bank details before a written offer (FTC).
- ☐ **5. Human check:** a recruiter confirms in writing that it's open. **Done when you have that reply — then it's 100% verified.**

Mentorship, appraisal and networking groups

Go where the people who hire adjusters or buy Xactimate work already are. **Best value: the Dallas Claims Association luncheon on Wed Nov 4, $10.**

Group	Type	Next date	Cost	Why it pays off for you
BNI North Texas	Referral club	Visit a chapter as a guest	$1,198 first year	**Skip for now.** Revisit once Q3 Global has revenue.

"Appraisal" means two different careers: insurance appraisal/umpire builds directly on your adjusting and Xactimate work and feeds Q3 Global. **Real-estate appraisal** is a full career change that needs a supervisor approved by the Texas appraiser board (TALCB) and about 80+ hours of coursework.

Warning: the Fort Worth Claims Association's old website, fortworthclaims.com, now shows a payday-loan site. Reach that group only through a member you know.

Your Sep 30 networking map already lists 26 DFW minority-professional organizations. Go to one event a week. Don't rebuild the list.

Updated plan for this week (Oct 26 – Nov 1)

This replaces the plan above with one focused on conversion. Run each item as a 15-minute sprint.

- ☐ **Mon:** email PILOT asking for more volume, plus reactivation emails to Renfroe, QA Claims and Miller Claims. **Done when 4 emails are sent.**
- ☐ **Mon:** sign up with Jacobson, Safeguard, Inspectify (surveyor) and the Mercor Finance pool. **Done when 4 confirmation emails arrive.**
- ☐ **Tue:** submit to the Eberl, Alacrity and Pilot rosters, and create a CatAdjuster.org profile. **Done when 3 rosters are submitted and the profile is live.**
- ☐ **Tue:** fix your resume (the four items in the Straight talk section). **Done when one clean master resume is saved.**
- ☐ **Wed:** run the 5-step check, then apply to Honeycomb, Allstate R32971, Allstate R36267-1, AmFam R39158, USAA Grapevine, and the top jobs in the first live table. **Done when each has a recruiter named.**
- ☐ **Wed:** register for the Dallas Claims Association Nov 4 luncheon ($10).
- ☐ **Thu:** jobs outside claims, 3 max: GM Group Leader, Kodiak, Merit Restorations.
- ☐ **Thu:** set 4 alerts: USAJOBS "Insurance Examiner," HiringCafe "Xactimate," GreatInsuranceJobs TX, ClaimsJobs TX.
- ☐ **Fri:** day-3 follow-ups, and call Eberl and Crawford. **Done when every lead has a status and a next date.**
- ☐ **Sat:** request a free SCORE mentor.
- ☐ **Sun Nov 1:** score the week. Do you have 1 signed agreement, 1 assignment or 1 interview? **If NO, don't widen the search. Double your follow-ups on the same leads.**
